Consent for Acupuncture

I, the undersigned, understand acupuncture treatment to involve the use of needles, acupressure, moxibustion and Cupping etc. The risks, although limited, include: puncturing organs in the abdomen or chest cavities. Acupuncture may affect people on all levels: physical, emotional, mental and spiritual, because it works with the whole body to create balance. The duration of treatment varies from person to person depending on the specific illness and their constitution. I fully understand that there is no stated or implied guarantee of success or effectiveness after a specific treatment or a series of treatments.
